

HEALING TOUCH WORKSHOP

FOR ANIMALS

BACK BY POPULAR DEMAND
WORKSHOP for DOGS & HORSES
4th (Dogs) & 5th (Horses) May 2019

NEW...Dog Healing Clinic

“Couldn’t believe the obvious results...visual difference post treatment.”

“Astonishing...a revelation re human/animal relationship.”

“I learnt more about these amazing animals than I ever thought I would.”

Annis Parker RGON, ADN, Dip Ed, CHTP/I
Annis is a New Zealand Registered Nurse with educational, management and advanced nursing practice qualifications. She has worked in numerous countries around the world in areas ranging from operating theatres, disaster work both in the field and in the planning phases, to oncology/bone marrow transplant. She now has a full-time practice in Bio-Energetic Healing of which Healing Touch is a part. She works with humans, animals and teaches. She has been practicing full time since 1997.

"I work with both domestic and zoo animals. Animals are very receptive. This assists with healing after injury. Injury prevention enhances balance within the hormone system and gives them a greater sense of well being no matter what their 'work'. Big cats and elephants have made up an important part of my practice over the years".

DATE: Saturday 4th & Sunday 5th May 2019

FEES: 2 Days; AFHTI Member - \$450

Non Member - \$475

1 Day; AFHTI Member - \$250

**For further information contact
Glenda Audsley 0488 554 423
htanimalworkshop@gmail.com**

COURSE OBJECTIVES

Participants will learn:

- * To view animals from a broader perspective of type/genetic code and therefore acknowledge the animal's INHERENT knowledge.
- * To demonstrate (using a pendulum) the details and extent of their animal's energy structure; therefore recognise deviations from vibrant health.
- * How to practice and discuss the reasons for selecting the sequence of healing, appropriate techniques to re-balance the animal they are working with and enhance injury healing and prevention.
