Speakers:

Dr Anthony Hilkemijer practices osteopathy in Port Macquarie. Anthony has an interest in neurological and spinal concerns of the body and has undertaken numerous neurological courses and also lectures around the world. He pioneered the Dural Tissue Therapy (DTT) treatment with plans to further research into this field. He enjoys global connections with other colleagues, neurologists, general practitioners, physiotherapists around the world

Annis Parker - I have been a Healing Touch Practitioner for 26 years and an instructor for 24 years. My practice is built on a long nursing career in multiple specialities, living, working and studying in eight different countries, has allowed me to enlarge my knowledge of many cultures, energy concepts, spiritual practices and the natural world in all its forms. This is my passion. I have a people practice, an animal practice, both domestic, and zoo. Enhancing peoples' understanding, teaching this work I am hoping will encourage more people to be respectful if the Planet we inhabit.

Kerry Spina is a seasoned Life, Work, and Business Coach specialising in Wellbeing Coaching and Consultancy, Strengths Profiling, and Authorship. With over two decades of experience, Kerry champions empowerment and inspires individuals to prioritise their wellbeing in both personal and professional spheres. Through seamless integration of positive psychology principles into daily life, Kerry empowers individuals to elevate their wellbeing. As the visionary Co-Founder of Kids in Harmony and Founder of The Everyday Harmony Hub, Kerry provides an online platform for women to pursue personal growth and holistic wellness. By emphasising the importance of energy management, Kerry motivates others to embrace their values and initiate positive change - one meaningful step at a time.
